Legislative Council question — free distribution of quinine in Puttur and Kankal talukas. Sanction asked for.

The question is starred but it is not known (since admitted) whether it has been admitted or not.

With reference to Clause (a) of the question

The scheme of free distribution of quinine in the specially malarial tracts in the Presy. has been introduced in Puttur and Kankal talukas besides eight others. The agencies employed for the purpose in these two talukas are (a) nine local and municipal hospitals (b) two Local fund dispensaries, five rural dispensaries (c) some missionary bodies, Revenue authorities (treasury-sub-treasury officers) and presidents of local boards and school-masters. The amount of quinine consumed in the talukas upto 31st March 1929 as reported by the Special Malaria Officer is 520 lbs. But the details required by the Hon'ble member are not available. The D.H. may be requested to furnish the same

With reference to Clause (b) It is not a fact that till the end of May 1929 most of the villages in the two talukas did not receive any supply of

11

quinine. The Special Malaria Officer is reported elsewhere that the scheme of free distribution has worked successfully in these two talukas and that the largest quantity of quinine supplied was consumed in these areas. The answer may be in the negative. The D.H may however be requested to state the number of villages treated with quinine in these areas up the end of May 1929 ~~approx~~.

---

126 (b). Without any exception each of the villages in Puttur and Karkal taluks has the village officer, village panchayat president, Board School Master or other as an agent for distributing quinine from the middle of February in pursuance of G.O.No.400 P.H. dated 13-2-29. Quinine by this procedure ought to have reached the remotest corner and it has been supplied to all the villages in Puttur and Karkal taluks before the end of May 1929.

Capt., D.P.H.

Supply of quinine to the villages in the taluks of Puttur and Karkal.

*623 Q.—Mr. K. R. KARANT: Will the hon. the Minister for Public Health be pleased—

(a) to lay on the table a detailed statement showing the various persons asked to distribute quinine, the villages in which quinine was to be distributed, the amount of quinine supplied to each village and the quantity actually distributed in each village after the date when free quinine was supplied for distribution in the taluks of Puttur and Karkal (South Kanara) till the end of May 1929; and

(b) to state whether it is a fact that even till the end of May 1929 most of the villages in the said taluks did not receive any supply of quinine?

*pp 4-9 ank

A.—(a) A statement showing the various persons asked to distribute quinine, the villages in which quinine was distributed, the amount of quinine supplied to each village and the quantity actually distributed in each village as far as information is available is laid on the table.

(b) No. All the villages in the said taluks were supplied with quinine before the end of May 1929.

[30th September 1929

Mr. K. R. KARANT:—"May I know why non-missionary private persons are not allowed to distribute quinine to the people?"

The hon. Mr. S. MUTHIAH MUDALIYAR:—"The missionaries belong to some recognized organization. If any social service league or any other society is willing to do the distribution, then the question will be considered."
